

NETER AARU

THE AWAKENING OF GODS

At the end of the battle against the god Hades, Athena and her saints were trapped on the Elysion mountains, leaving Earth without the protection of the goddess...

This allowed all the gods enclosed by Athena since the era of mythology to be released.

At that time, the Athena's Sanctuary has been leave under the protection of a few remaining saints.

Temple of Osiris, Abydos (Egypt) : it is within this temple that are sealed the spirits of the goddess Isis and the god Osiris. They are protected by the twelve cloths Neter Aaru (heavenly guardians).

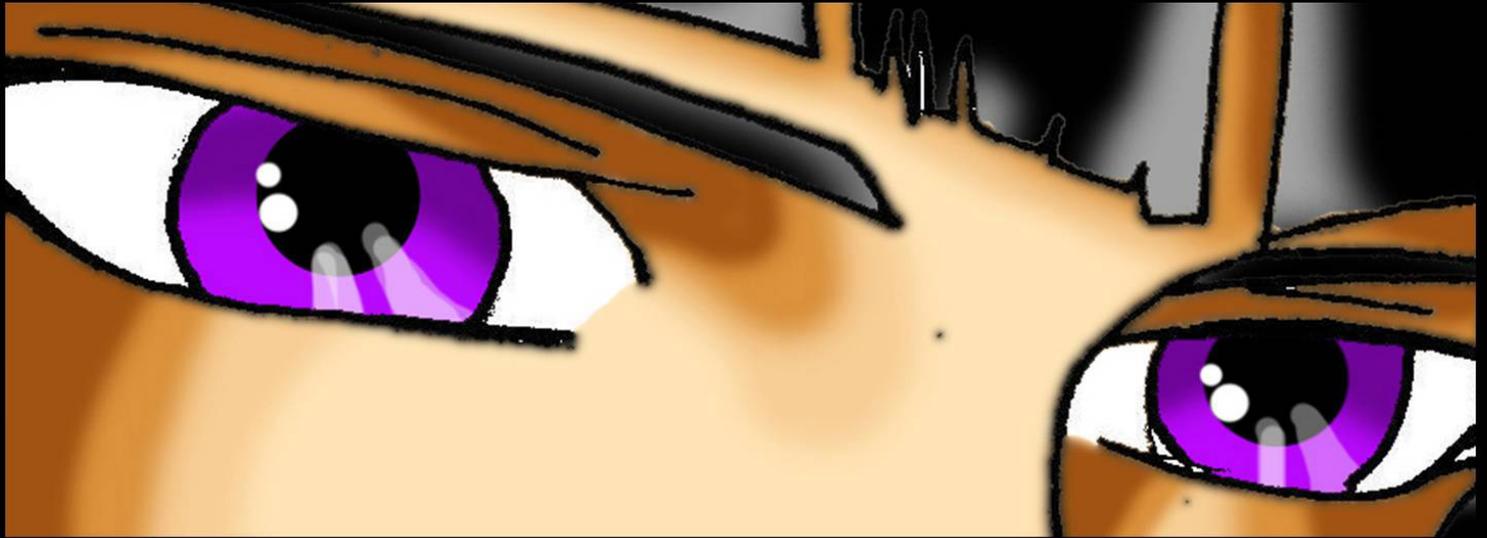

Time for my revenge has finally come!

But before that, I must wake the guards...

Now that the twelve Neter Aaru met, it is necessary to go to the Athena's Sanctuary...

And to bring the Athena's shield, hidden at the end of the twelve temples !

This shield is the only way to restore life to Osiris...

Let me handle this mission!

In truth, I was thinking about Nebka because he studied into the Sanctuary.

Got a problem that I lead this mission ?

What I don't understand is why the gods rely on someone who's not even Egyptian !

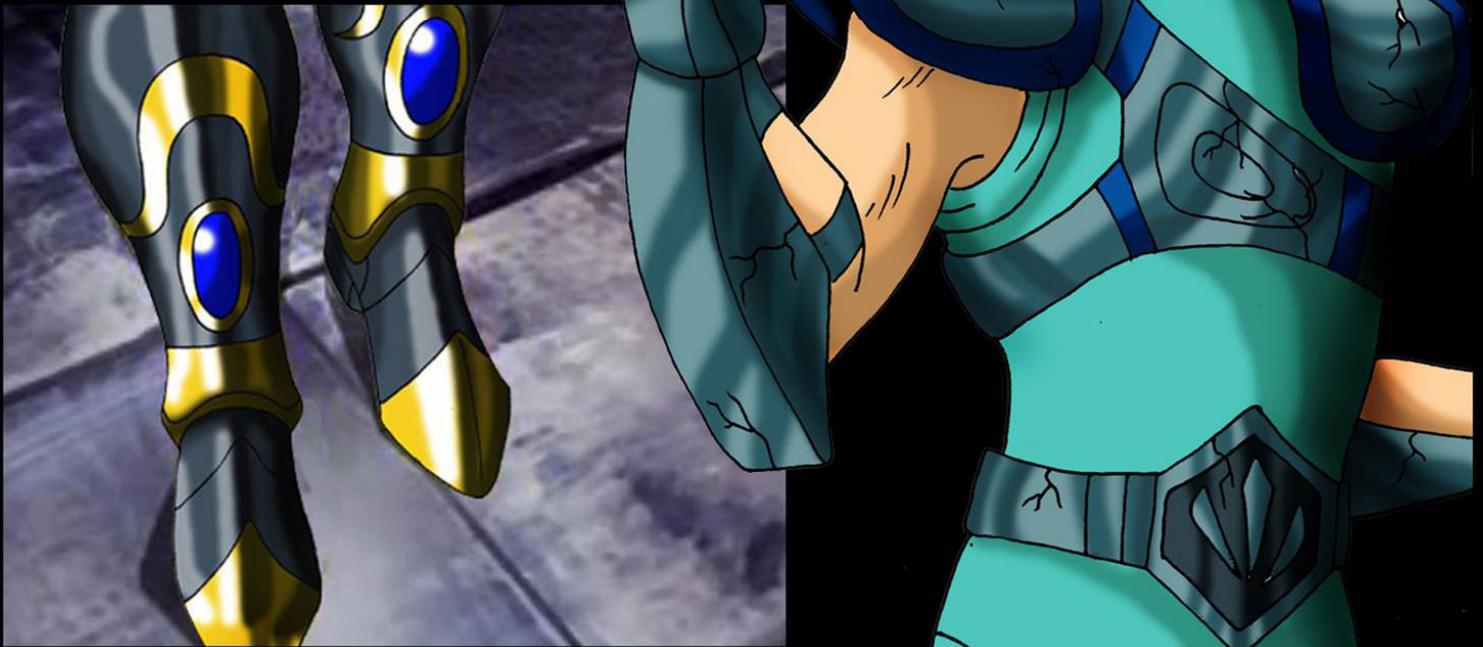

And I believe that the gods know who to trust and who not !

Don't loose sight !

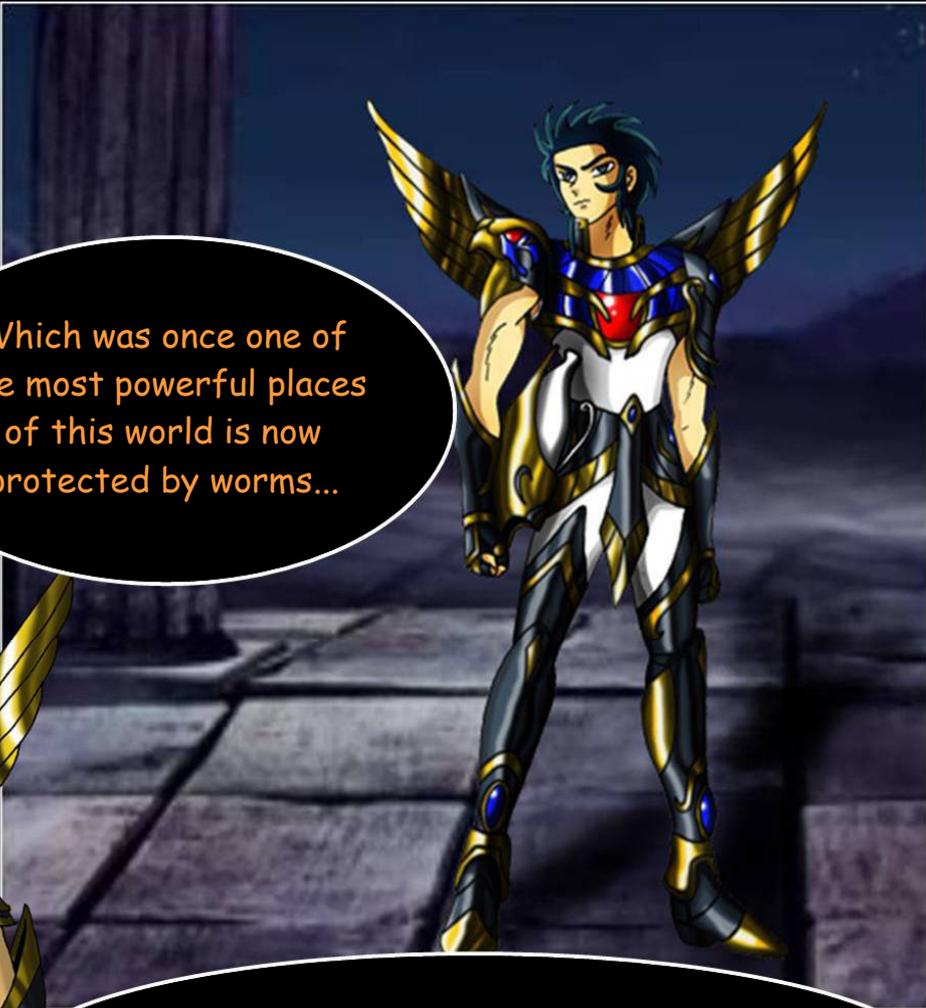

# ATHENA'S SANCTUARY

Don't go further if  
you value your life!

Which was once one of the most powerful places of this world is now protected by worms...

I regret that the one I once called master will die by the hands of this worm...

DEAD HOWLING !!

I'm going to forget that  
in the past, you were  
my student Jabu...

THE EYE OF HEAVEN !!

I'm pleased to see that Merenhor was wrong with you.

Now I'll give them the final blow...

Our only mission was to take the shield!

Not if we can prevent it!

THUNDER CLAW !!

If this is the only power of Athena's saints, this will be a kids game...

Who are you and what do you want ?

I think it's fair for you to know who we are before to be destroyed.

I'm Hatshepsut of Sekhmet.

And I'm Nebka of Horus.

We are the guardians of the heavenly god Osiris and goddess Isis !

Even if I do lose my life trying to stop you, I guarantee you will not leave the Sanctuary in one piece !

METEOR !!

QUEEN'S CURSE !!

You were too overconfident !

But how is it possible that her attack has surpassed mine ?

Besides, I could see all of your movements when you were attacked by Shina !

Not all...

I hope I'm not too late...

I'm tired of playing, now it's time for both of you to die!

THE CURSE OF SEKHMET !!

Shaina, Marin, I can't resist much longer against an opponent of such power, there is only one alternative...

We all know the consequences but we have no other choice...

Let's do it!

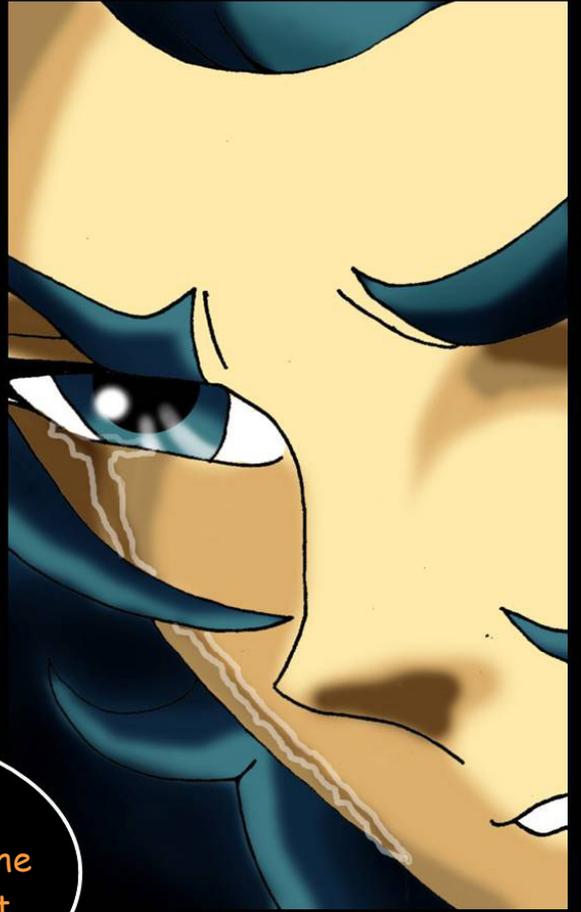

You have to stop, you'll never retain such power !

*ATHENA EXCLAMATION !!*

Damn it !

I hope that those tears are only for the death of Hatshepsut...

This concludes our mission!
