

聖闘士星矢

NETERAARU
EVOLUTION

The battles you are going to have are not like the ones you've had in the past. Don't be afraid if your power and your fighting techniques are inferior to those of your enemy because it's not the cloth that makes the saint but the justice of the cause he defends and his cosmo energy. You also must know that the one from two adversaries that knows best its own cosmo energy will win.

Daphne-sama !

It had been a long time Kiki, but there is no time for explanations. I need you to repair Ophiuchus and Eagle's cloths ; any help will be welcome for this battle.

I'll take care of Marin and Shina.

They were able to kill Nebka.

We must stop them by all means.

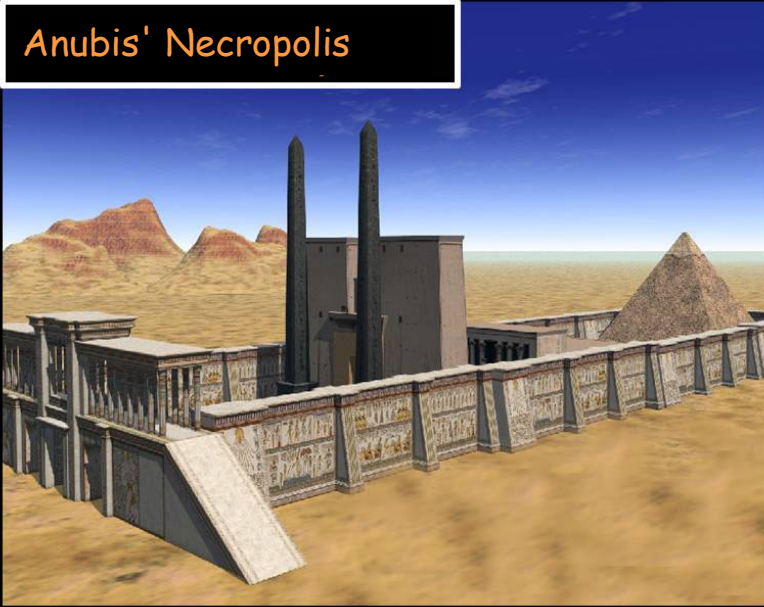

Why are you lying Merenhor when you know I can read your minds. You killed Nebka.

We will stop them.

Anubis' Necropolis

Where am I?
What is this place?

Do you think it will be easy
for you to defeat me?

Now that you're awake, your death
will be more painful...

Now, you'll experiment the
rage of Ninecher of Anubis.

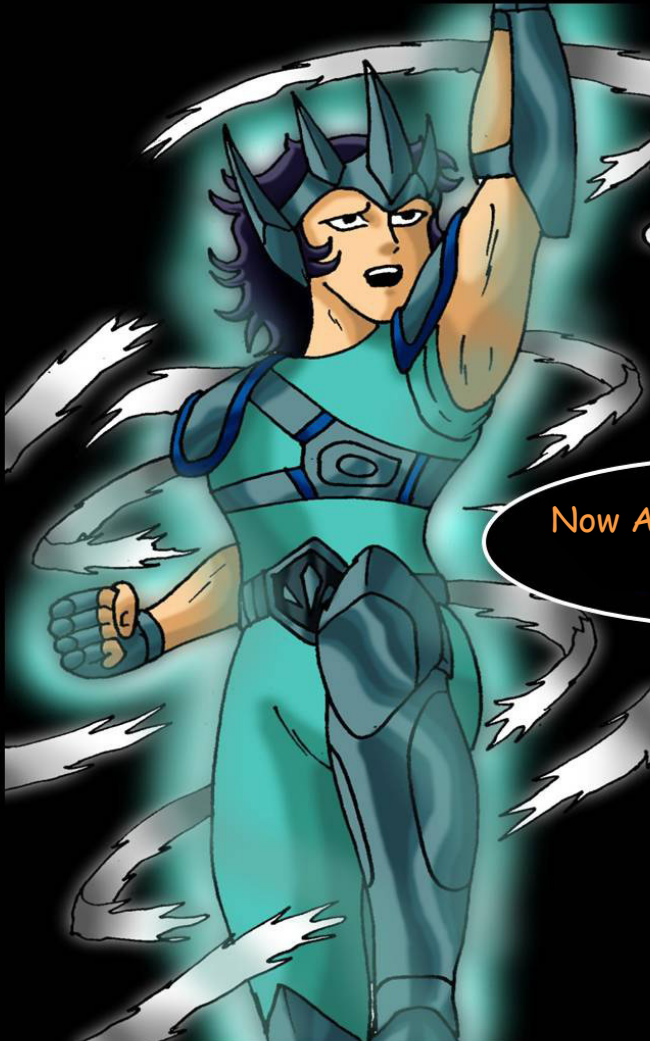

MOMIFICATION !!

I can't die in this place...

I should concentrate
all my cosmo...

Now Anubis, let's fight
seriously!

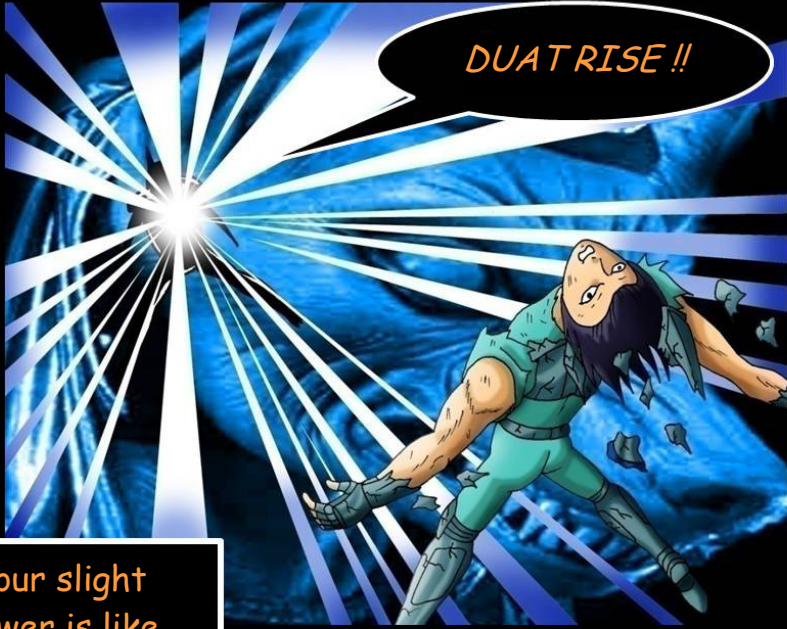

MORTAL BARK !!

Is that all ?

DUATRISE !!

Your slight power is like a mosquito bite for me. This really is an attack...

During a moment,
I've been able to see
through your attack!
Now I can defeat you!

How this worm has been
able to resist?

I must defeat him
once for all.

I will not give, I will
fight until death!
For Athenaaaaaaa!

What the hell...?

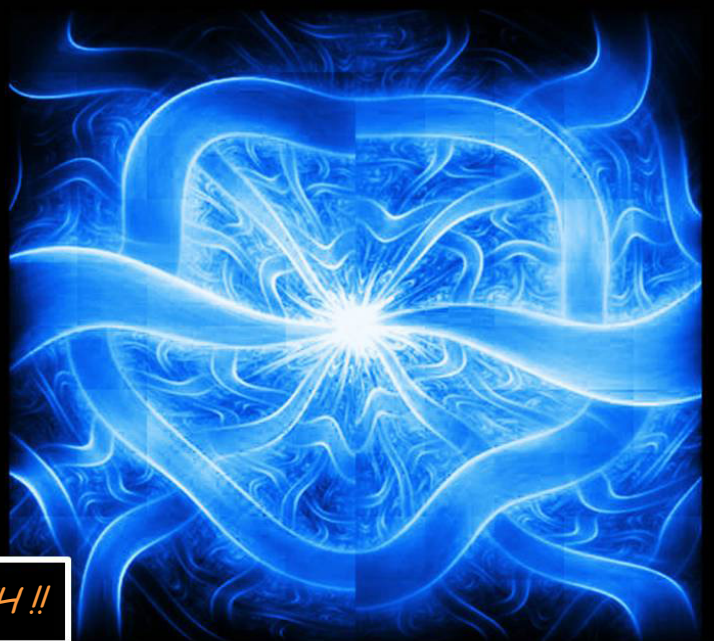

I admit I've underestimated you,
Athena's saints are not as weak
as I thought.

I promise to give you
an honorable death.

DUAT'S DEATH !!

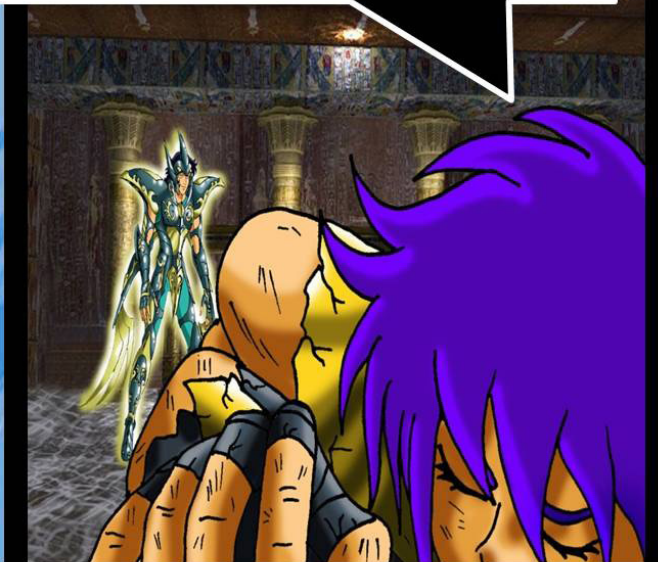

BLOODY ROAR !!

How could I be defeated by a simple bronze saint ?

Now I must find the way out of this place and join the others.

Ruins of the Nile Temple

And without a scratch !
Although, I think I'm lost,
where the hell can I be ?

Hahaha ! I'm alive !

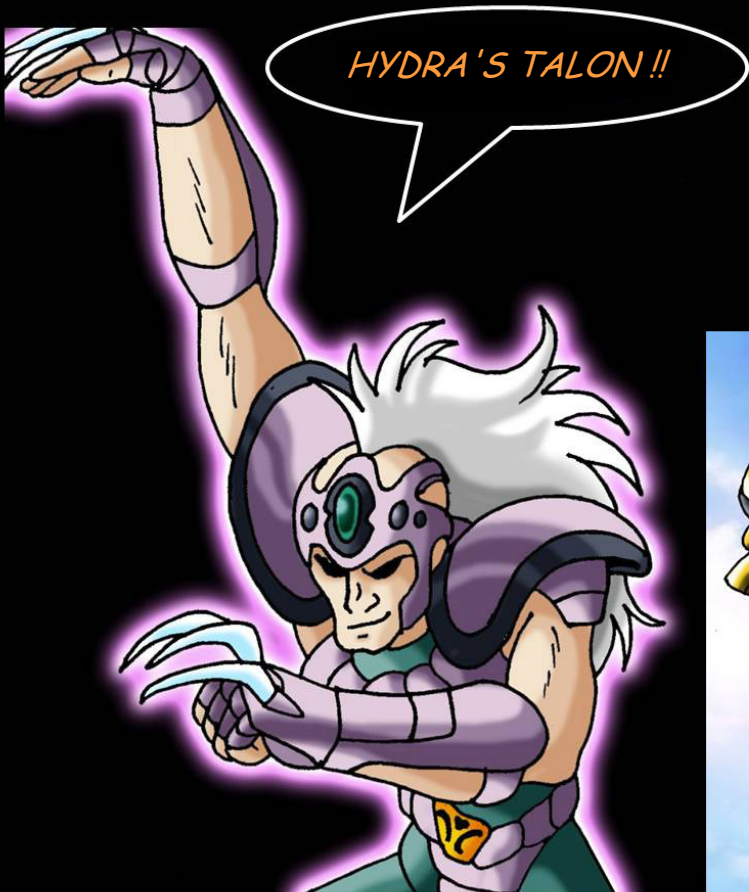

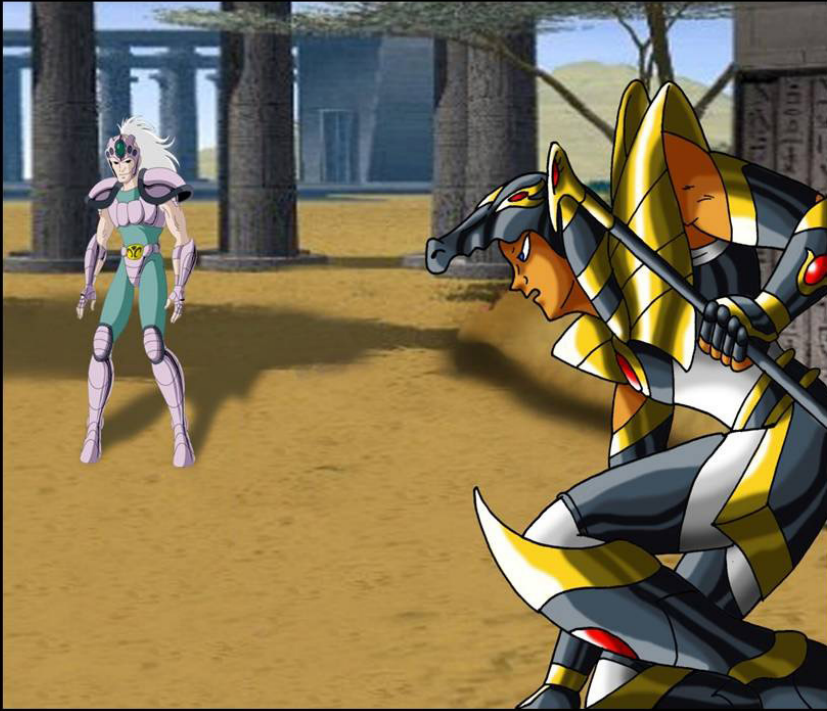

You're in the sanctuary of Dyeser of Sobek, the place where you will die !

Perhaps, but before that I'll destroy your body !

First, I'll get rid of your pathetic existence and then I'll get rid of all your friends...

Why are you so sure that you'll defeat me?

We, Athena's saints have an unbreakable spirit and I will never give up against someone like you!

HYDRA'S TALON !!

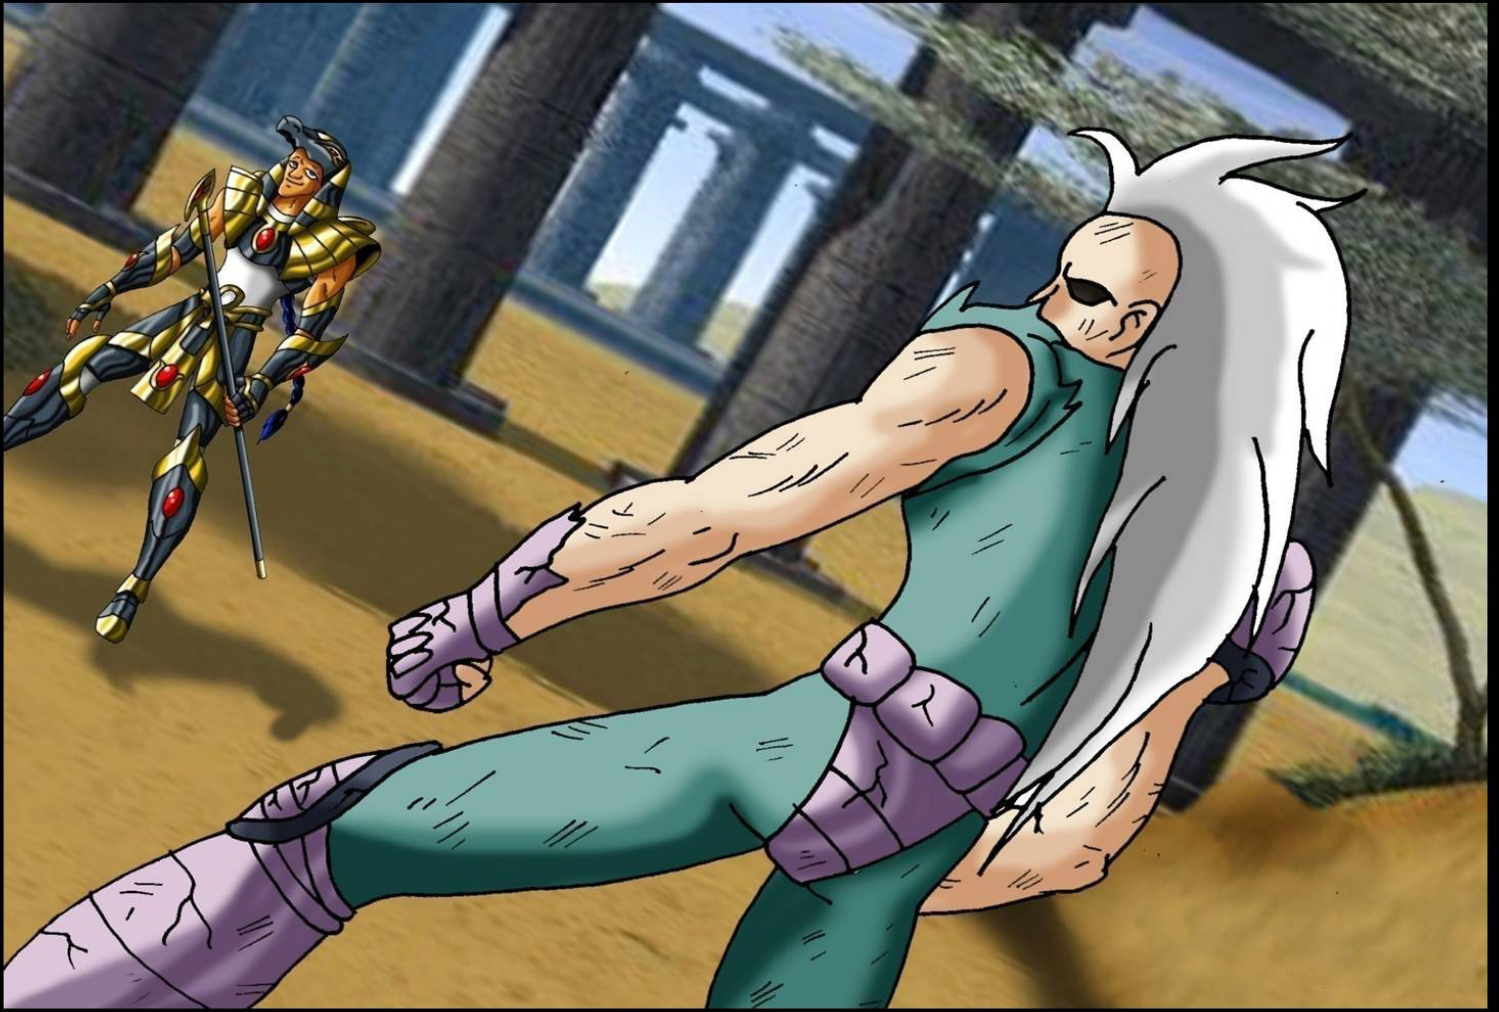

I already told you,
I will never give up !

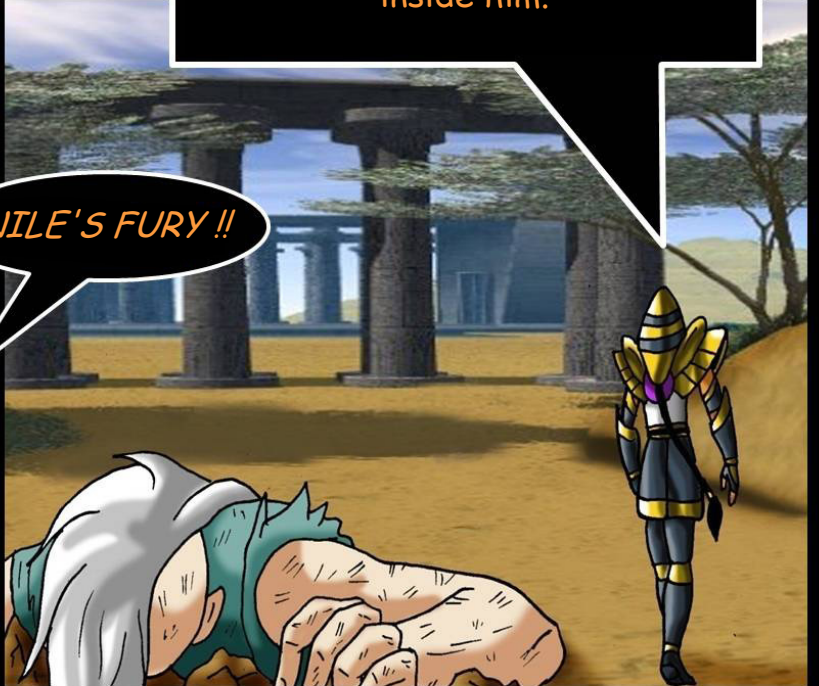

I don't
understand your
attitude, you're
almost dead
but you still
stand up.

NILE'S FURY !!

I destroyed every cell of his body and I feel an impressive cosmos growing inside him.

I told you before to die, I will destroy your body and I'll do it!

LERNA'S FURY !!

But what happens ? I don't understand why, so suddenly, he has all that power ?

Ninecher and Dyeser have also fallen by the hands of the Athena's saints.

If they lost it's because they were weak.

Damn, do you think you could do better ?

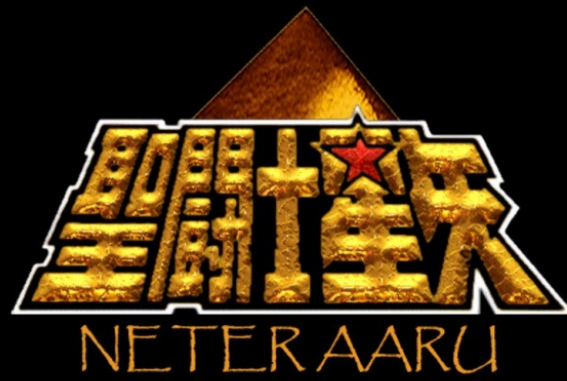

Relax, you'll have your chance to fight.

Save your rage, I will charge of Athena's saints.

Show me how worthy you are to wear these cloths and bring me the head of Athena's saints for twilight !
